

South County Policy Change - Roster Limitations for Player Reassignments

At the South County District Board of Control meeting on September 7, 2011, the Board voted to adopt the following policy change regarding reassignments for all sports:

All rosters will be comprised of no more than 25% reassignments up to a maximum of 4 reassignments. The maximum number for reassignment to any particular team may be waived by the District Chair due to extenuating circumstances.

Rationale: The intent of the CYC program is to allow member parishes to compete against one another. While there are valid reasons why reassignments are necessary and appropriate, however, there are some coaches that recruit players for the purpose of forming more competitive teams. Limiting the number of reassignments is an attempt to find the right balance between allowing appropriate reassignments and curbing the recruiting that sometimes happens.

Roster Size	Maximum Reassignments
5	1
6	1
7	1
8	2
9	2
10	2
11	2
12	3
13	3
14	3
15	3
16 and up	4
